

Web Design Internship Description

Come work with a young, energetic group of IT professionals! We are looking for an open-minded, creative individual to contribute to our web development services. As the client base of our web design vertical continues to grow, we are looking for a fresh design perspective to aid in our web project approach and execution.

- Receive school credit
- Build your resume and portfolio with professional experience
- Work with an innovative, team-oriented technology firm
- Learn valuable business and technology skills while nurturing personal growth

The part-time position based in New York City, provides design support to the Sales Department. You will report to the Project Manager and will primarily work **remotely** (from the comfort of your own home!). Regular Skype check-ins may be required. *This is an unpaid internship.

RESPONSIBILITIES

Duties include but are not be limited to the following:

- Communicate with SGU Team to ascertain client website requirements: target audience, purpose and vision
- Collaborate with the team to brainstorm themes, videos and layouts for company and client webpages
- Create website mockups based on client needs and desired style
- Determine technical requirements for designs
- Develop a clean, well-structured and easily maintainable format
- Design webpage graphics using illustration or photography
- Work with web development team to perfect intake process

QUALIFICATIONS

- Artistic eye, creative ability, strong work ethic and patience
- Ability to merge own style with that of SGU and the client
- Exposure to some or all of the following: HTML, JavaScript, CSS, SQL, Perl, PHP, Oracle, XML
- Proficiency in Adobe Creative Suite programs, including InDesign, Illustrator, and Photoshop. Also, MS Word and MS PowerPoint
- Pursuing a degree in web or multimedia design or holds a degree in a related field.
- Exceptional interpersonal and organizational skills

The position will require roughly 10-15 hours per week, lasting roughly 3 months. We are flexible and willing to work around student schedules. When applying, please submit a resume, cover letter and sample of your work to abbie@sguconsulting.com.

445 Park Ave, 10th Floor
New York, NY 10022

One place. Every solution.
